

DataCourier toploader

The mobile office for professional operations

The DataCourier unites all the demands on a mobile office in one single notebook case: light weight; durable exterior material; plenty of storage space. The only surface space needed on a table is for the notebook. Printer data is transmitted either conventionally through the printer cable or via Bluetooth.

The DataCourier accommodates all popular notebooks up to 15" and is suitable for the following mobile printers: HP DJ 450; HP DJ 460; Canon i70/i80 series; Canon iP90; Olivetti Nomadjet. The mobile printer is securely fastened with 3M Velcro pads.

The power socket built into the exterior hull of the case allows you to power your printer or recharge the batteries.

The DataCourier includes a removable exterior bag designed for documents, a removable notebook bag is also featured which allows you to carry your notebook without the whole case. This bag is made of light-weight Nylon and offers protection from all sides.
